

Japan Summer Manga Tour 2022

The holiday of a lifetime for fans of manga, anime, and all aspects of Japanese pop culture. As well as visits to Akihabara and Nakano Broadway, we take you to the Ghibli Museum where the work of this wonderful Japanese animation studio can be admired! Experience Tokyo in all its neon glory with the original Manga Tour. We don't just visit Japan – we live it!

Tokyo

Home to over 12 million people, the vast metropolis of Japan's capital must be seen to be believed. Tokyo embraces the modern and ancient like no other city on earth and offers something for everyone who wants to delve into the Japanese phenomenon: the towering skyscrapers and frenzied neon of Shinjuku, the pop culture and gadget paradise of Akihabara, the sophisticated chic of Ginza, the old downtown area of Asakusa, and the tranquil, understated beauty of Meiji Shrine. Not to mention superb restaurants and great bars as well as fabulous shopping and museums befitting the capital of the world's second-largest economy.

Kyoto

Kyoto is where you will find the Japan of silent temples nestling in bamboo groves, gardens of finely raked sand and bewitching geisha. This city is home to over 2,000 temples and shrines, exquisite crafts and some of the best cuisine in the country. In short, Kyoto is the heartbeat of traditional Japan.

Not to be missed are Kinkaku-ji, Ginkaku-ji and Kiyomizu temples, although be aware that these do become crowded. For a more peaceful, intimate temple experience we recommend the temple complex of Daitoku-ji, in particular Daisen- in sub-temple, and the Arashiyama area to the west of the city.

Hiroshima, Miyajima Island

Hiroshima is an attractive, cosmopolitan city which has risen from the ashes of the world's first atomic bomb attack on 6 August 1945. The hypocentre of the explosion is now the Peace Memorial Park, a beautiful expanse of greenery housing monuments to the tragedy. The park is flanked by the A-Bomb Dome, the former Industrial Promotion Hall which is the only surviving building from the blast, and the Peace Memorial Museum which tells of the bomb and the devastation of Hiroshima. A superb network of trams will transport you around the city to some of Hiroshima's other attractions, namely Hiroshima Castle and Hiroshima Museum of Art. You can also use the tram to take the scenic route to Miyajima Island.
